

Topic: UNIT 8 EXPONENTS AND EXPONENTIAL FUNCTIONS

Days: 5

Subject(s):

Grade(s):

Key Learning: **How to use laws of exponents to estimate data.**

Unit Essential Question(s): **What are the real world applications of the laws of exponents?**

Concept:
Arithmetic manipulation using laws of exponents

Lesson Essential Question(s):
How do you manipulate very large numbers and very small numbers? (A)

Vocabulary:
order of magnitude, power, exponent, base

Additional Information:
Unit 8 sections 8.1, 8.2, 8.3 OMIT: 8.4, 8.5, 8.6

Attached Document(s):

Teacher / Team Name: The School District of Osceola County Algebra I Regular

Vocab Report for Topic: UNIT 8 EXPONENTS AND EXPONENTIAL FUNCTIONS
Subject(s):

Days: 5
Grade(s):

Concept: Arithmetic manipulation using laws of exponents
order of magnitude, power, exponent, base -
